Hi X,

In case you were unable to attend this morning's virtual panel -- "An Injection of Hope: Do Vaccines Mean an End to the Pandemic is in Sight?" -- hosted by Qatar Foundation's Education City Speaker Series, I wanted to send along a video recording of the discussion, which is linked [here](https://drive.google.com/file/d/19ZvICTz79okZmM8q2jlm3U2CqQ4NP7V1/view) [https://drive.google.com/file/d/19ZvICTz79okZmM8q2jlm3U2CqQ4NP7V1/view]. Panelists included the following individuals:

- Dr. Abullatif Al Khal, Chairman, Qatar's National Pandemic Preparedness Committee
- Dr. Jerome Kim, Director-General of the International Vaccine Institute
- Dr. Matshidiso Moeti, WHO Regional Director for Africa
- Dr. Ahmed Al Mandhari, WHO Regional Director for the Eastern Mediterranean
- Nahoko Shindo, Senior Advisor for the Infectious Hazards Management of the WHO Health Emergencies Program
- *Moderator*: Kirsty Wark, journalist

Please let me know if you are interested in speaking with any of the panelists or covering this discussion for a story.

Best,
X
