**TC Energy cuts jobs as Keystone pipeline nixed, but markets start to move on**

The move represents another set-back for the beleaguered Canadian oil industry, in particular its energy heartland Alberta, kills thousands of jobs, and marks an early bump in Biden's relationship with Canada, a key trading partner.

**U.S. Chamber of Commerce**

“The pipeline—the most studied infrastructure project in American history—is already under construction and has cleared countless legal and environmental hurdles. This is a politically motivated decision that is not grounded in science. It will harm consumers and **put thousands of Americans in the building trades out of work.**”
