

Delegation of German Industry and Commerce in Washington, DC

Today we had the pleasure of welcoming the U.S. Department of State's International Visitor Leadership Program (IVLP) for a discussion on our work at DGIC, led by Amal Khaled, and US industrial policy, led by Representative of German Industry and Trade's Patrick McCown.

IVLP is an initiative by the State Department's Bureau of Educational and Cultural Affairs and allows current and emerging foreign leaders the chance to cultivate cultural exchanges with their US counterparts. We were thrilled to welcome such an engaging group and were reminded of the strong transatlantic ties between Germany and the United States!
