How can the U.S. and Germany collaborate on [#workforcedevelopment](#)?

The U.S. Mission to Germany has partnered with [Cultural Vistas](#) to form the German-American Workforce Development Program allowing German [#apprentices](#) to gain practical work experience and complete an internship in their career field at a U.S. company.

Applicants must currently be completing an apprenticeship under Germany's duale Ausbildung system. Limited funding is available to cover the costs of visas and other in-country costs in the U.S., and there are complementary funding programs available for larger-scale programs.
