#CompetitiveProduction and a #SkilledWorkforce go hand-in-hand in Germany.

🌐💼 Highly Skilled Workforce: Germany's total workforce comprises more than 42 million people - making it the largest skilled labor pool in the EU.

🏫✏️ Dual Education: With its dual education system, Germany has the second lowest youth unemployment rate (4.7%) in Europe! Currently, more than 1.3 million young people are enrolled in a vocational training program.

📈💪 High Productivity & Stable Labor Costs: Over the last decade, Germany has substantially grown in productivity - registering just a 2% growth in nominal unit labor costs compared to other European countries that have increased nominal unit labor costs.

🧑‍🏭🤖 Advanced Manufacturing Leadership: Today, Germany stands as Europe's leader in industrial automation. In 2019 alone, 20,500 industrial robots were deployed.
