Senior Manager, Consulting & Corporate Development at the Delegation of German ...

Thrilled to announce that I've just completed an enriching four-week "Stage" at the [German-Saudi Arabian Liaison Office for Economic Affairs \(GESALO\)](#) in Riyadh, Saudi Arabia.

📍 During this invaluable experience, I had the chance of actively participating in meetings and discussions centered around challenges and opportunities in entering the Saudi market, as well as understanding the immense potentials in the energy industry and the transformative developments taking place in the hydrogen sector.

SA The dynamic atmosphere in Saudi Arabia, currently undergoing significant transformations, has opened up numerous new opportunities, making it a fascinating time to be there.

AE Before traveling back, I had the incredible opportunity to visit my colleagues at the [German Emirati Joint Council for Industry & Commerce \(AHK\)](#) in Dubai. It was great addition to my experience to get a sneak peek into their work and preparations for COP28.

⚡ Meeting incredible individuals has been the highlight of this trip, and their perspectives have broadened my horizons both professionally and personally. This stage has undeniably been a crucial milestone in my career and I'm very grateful for the experiences and connections made.

🙏❤️ A heartfelt thank you to [Dr. Dalia Samra-Rohte](#) and the incredible team at GESALO for hosting me with warmth and generosity. Your support has made this experience truly unforgettable!
