SAP Labs Roadshow Event

Join us for an in-depth discussion on navigating the ethical complexities of artificial intelligence. Our experts will share actionable insights and best practices to help you:

- **Protect user privacy:** Learn strategies to safeguard sensitive information and comply with evolving regulations.
- **Manage data ethically:** Discover ethical frameworks and principles for responsible data handling.
- **Drive innovation:** Explore how to leverage data to achieve business goals while maintaining ethics and trust.

After the sessions will be networking and a complimentary lunch
