Honorable Senator Ralph G Warnock,

416 Russell Senate Office Building
Washington DC 20510
(202) 224-3643

I am an Eritrean American who lived in Georgia since May of 1981. My name is Ghebre Bahdurai, and a successful entrepreneur who is married and a father of four boys. Three graduated from the Georgia Institute of Technology with a Master's in Computer Engineering. Two of them are double majors in Engineering. The youngest earned Bachelor of computer science from GSU, and the sky is the limit. Four of the boys earned an Associate Degree in Mathematics before finishing High-school.

I am not an engineer or great at Math. I am simply a proud dad to raise responsible citizens. I have been a member of Corpus Christ catholic church since 1986. I am a founder of the National Representative Council of Eritrea-GIE (Government-In-Exile), registered under a non-profit organization (501-C-4) in Georgia.

I wrote a letter on May 19, 2023, concerning peace in Sudan and we need to contain China and Russia from the coast of the Red Sea of Eritrea. I am very delighted with your prompt and detailed letter of response. As you know, Eritrea has been ruled by one authoritarian dictator for 32 years without election and constitution. Eritrea is known as the North Kore of Africa.

Our young people are in exodus because of forced conscriptions and forced disappearances. The country had been in endless wars with its neighbors since its independence in 1993. Our families back home are in a dire situation.

In your letter of response, I was offered assistance with family members to contact your staff. I have a cousin Solomon H Gebrekiristos who lives in South Africa, in fear and hiding from the Eritrean dictatorial regime. He is constantly threatened by Eritrean intelligence agents dispatched by the Eritrean Embassy in South Africa. Incidents are reported to authorities and are under investigation.

I have received credible information from our intelligence sources inside Eritrea that they have a death sentence on his head. I have informed Mr. Solomon of the situation and to be on the look. Mr. Solomon is also a board member of our organization, the National Representative Council of Eritrea-Government-In-Exile registered in GA, and the State Department of Justice of the USA.

We need your office's assistance to get him out of danger from South Africa before they get to him. It is time-sensitive and a case of priority to save his life.

I have attached his profile and background history in his own words.

Thanks in advance for your consideration.

Ghebre Bahdurai, front officer NRCE-GIE
