Dear President of Finland, Aleksander Stubb,

I hope my letter finds you doing well.

I am writing to you, President Stubb, as the head of the Finnish government, to consider our request to meet with your office on behalf of the Transitional Eritrean Government in exile. I am Ghebre Bahdurai, the organization's president. We have been registered with the State Department of Justice and the National Security Department of the United States of America since August 22, 2022. We work closely with some influential US congressional members willing to champion Eritrean Causes. We are represented by the law firm of the former powerful Congressman Jim Moran from Virginia, USA. The same office also represents the Republic of Biafra Government In Exile.

We operate and conduct our activities in the US and have members worldwide. One challenge is that Eritreans are fragmented on their journey to free our people from the dictatorial regime of Isaias Afewerki. Eritrea is nicknamed the North Korea of Africa. The Transitional Eritrean Government is working diligently to unite the Eritrean people so that we can speak in one unified voice.

We work hand in glove with the Biafran movement for independence. We have something in common: we both live under repressive governments, and people are not free. Biafrans want their autonomy(Independence), while Eritreans want the freedom of our people from a tyrant and brutal regime. We struggle to gain democracy, justice, and the rule of law. We stand as pro-West, not pro-Russia or China, for that matter. We believe Finland should be part of NATO.

The Transitional Eritrean Government in Exile is invited to speak at the Biafran Declarations of Independence in Helsinki, Finland, alongside other dignitaries from the USA. We are expected to recognize their independence as the first Eritrean Government de facto. In turn, they will recognize the Eritrean de facto government in Exile. Therefore, I will be in Helsinki, Finland, from November 28, 2024, through December 4, 2024.

We know your support for democracy and the rule of law worldwide. Finland became home to the Biafran movement for independence. As Eritrean Government In Exile, we want to establish close ties with the Finnish government today and for future democratic Eritrea.

We request to meet with your office from November 28, 2024, through December 4, 2024, to introduce our Transitional Eritrean Government in Exile, its purpose, and our people's aspirations to live in democratic Eritrean administrations in peace and harmony.

We appreciate you in advance for considering meeting with us. We are eager to hear from you.

Best, Wishes
Ghebre Bahdurai
President Transitional Eritrean Government In Exile
