About Event

New South Wales (NSW) is Australia's premier state, with the nation's largest economy and population. NSW is emerging as a global leader in non-animal alternative technologies, with the sector receiving significant financial backing from the NSW Government.

This breakfast event, **hosted by the NSW Government**, will allow attendees to engage directly with a panel of Australia's leading experts in non-animal alternative technologies.

Join our panel discussion on opportunities for investment and collaboration. Topics include:

- Complex in vitro models

- Bioprinting
- AI models
- Regulatory pathways

Panel

Anne O'Neill - Acting Executive Director, Office for Health and Medical Research, NSW Ministry of Health

Dr Laura Collie - Senior Medical Advisor, NSW Ministry of Health

A/Professor Anai Gonzalez-Cordero - Group Leader, Stem Cell Medicine and Head, Stem Cell & Organoid Facility, Children's Medical Research Institute

Dr Kate Michie - Chief Scientist, Structural Biology Facility, University of New South Wales

Dr Julio Ribeiro - Founder and Chief Executive Officer, Inventia Life Science

Location

Marriott Marquis San Diego Marina

333 W Harbor Dr, San Diego, CA 92101, USA
SANTA ROSA - Level 1
