Subject: BIO Boston - Sydney NSW Australia - Precision Oncology Breakfast

Hey,

If you are in Boston and/or attending BIO this year, we welcome you to join us for breakfast on **Monday 16th June** before the show opens. Come hear from our panel of leading experts and engage in a discussion on precision medicine in practice, focused on Australia's world-leading precision oncology platforms.

Our fantastic panel for this session includes;

- [Professor David Thomas](#) - UNSW Director, Centre for Molecular Oncology and CEO of Omico
- [Prof. Roger Reddel](#) - Children's Medical Research Institute, Head of Cancer Research Institute
- [Prof. Vanessa Tyrrell](#) - Children's Cancer Institute, Head of Clinical Translational Research and Zero Childhood Cancer Program Leader
- [Anne O'Neill](#) - NSW Health, Director Strategic Partnerships, Office of Health and Medical Research

Please register at [this link here](#), and feel free to reach out if you have any questions or have anyone else that may like to attend.

Cheers,

Shaun
