PNP Urges PM Holness: Remove Warmington From Cabinet Now!

Kingston, Jamaica. February 28, 2024: The People's National Party (PNP) urgently demands Prime Minister Andrew Holness to immediately oust offensive MP Everaldo Warmington from the Cabinet. Warmington's recent threat to withhold state funds from PNP councillors is a new low in his history of gutter politics and tribalism.

The PNP is alarmed by Warmington's undemocratic plan to manipulate government funding, bypassing the people's will. This unacceptable behaviour contradicts the principles of fair governance and insults taxpayers. This is a crucial test for the PM's commitment to accountability – failure to remove Warmington will be seen as a breach of trust.

While Warmington stays MP until the next election, we demand a full withdrawal of his threats. He must commit to not interfering in the democratic process. The PNP calls for oversight to prevent any actions against the people's will.
