NEW A.G.E.[®] | ALTERNATIVE

Dr. Garry Conille
Former Prime Minister of the Republic
of Haiti

Texas: 03/18/2024

Cc. Angelo Viard
CEO of VACS Group, Inc.

Re: Joint Companies and investments toward the “Haiti Initiative Economic Development Plan (HIEDP)”

Dear Mr. Conille,

My name is Mr. Michael Wilson, I am the CEO of New Alternative Green Energy, Inc. (New A.G.E.), a mission-driven technology company with a portfolio of patented solutions aimed at improving global quality of life. We previously provided this letter to Dr. Ariel Henry, and we are now reassuring you by this letter, that upon your becoming the interim Prime Minister of Haiti, the portfolio of companies listed below are fully committed to come and invest in Haiti under your leadership.

After multiple meetings with both Mr. Viard and Mr. Louis Saint Lot and our teams; our company and other partners are strongly supportive of the economic development of Haiti. Per our discussions, we understand that there are several opportunities in the industrial parks of Caracol and the North, SONAPI and other available industrial parks in Haiti. These hubs appear to be the heart of the country's economy and commercial trading environment. We believe that this initiative will create many thousands of jobs and attract many more foreign investments.

I would like to preface this letter by stating that our team is not walking into this project unaware of the challenges Haiti has had to endure, and after prayerful consideration and a great deal of technical and financial analysis, we have engaged a group of companies, investors, financial firms, and individuals to begin a project that will spur the economic revitalization of Haiti.

This initiative includes the deployment of a great deal of alternative energy products; the New Solar Technologies of Q3, Inc., the water purification products Innova, the Hydrogen fueling and EV Charging stations of New A.G.E., the Fast Track Farming of Healing the Earth, the Power Generation from municipal solid waste of Regulus Technologies, Modular Housing Solutions from DR Horton and many more. The initiative calls for not only the deployment of these technologies for the immediate needs, but the eventual manufacturing and assembling of some of these products in Haiti.

This is a comprehensive infrastructure plan that also includes the engagement of the local business community to further develop housing, port development, alternative energy, physical infrastructure including but not limited to (airports, seaports, bridges, roads, tunnels), internet deployment, last mile networks, agriculture, security, water and sanitation systems and others. I want to reiterate how important it is to have the engagement of the local business communities. This initiative cannot succeed without the support and direction from the Haitian people.

The Initiative's participants' intent is to invest via their own financial structures, financial institution partners an estimated amount which can range between \$200 Million and up to \$20 Billion to the economy on a long-term basis to support a sustainable economic development plan. Most recently, Starlink/SpaceX, a key U.S. Company, was introduced to Haiti in 2022 by Mr. Viard; Starlink's system operation today has proven to be a game changer in all of the countries where it has been offered. It has enhanced the internet communication flow via companies, supported education and healthcare, and served as a conduit for the creation of countless indirect jobs.

Haiti provides a very advantageous portfolio to any foreign company that intends to do business in Haiti. Haiti's access to investment resources gives them the ability to obtain grants, loans, and technical assistance from many global donors such as Inter-American Development Bank, World Bank, USAID, Canada, France, and many others. More importantly, the recent G7 Investment fund and the U.S Nearshoring Act creates powerful advantages.

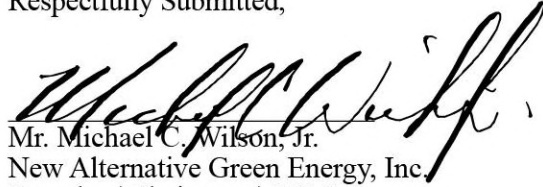

Furthermore, Haiti can provide significant trade access via a certain bilateral and multilateral trade agreements, such as CARICOM, Caribbean Basin Initiative (CBI) (reference: <https://www.export.gov/apex/article2?id=Haiti-Trade-Agreements>). Upon renewal of the economy, the Hope and Help Acts will be a strong support to further economic development. Haiti also has multiple Free Trade Zones.

We understand Mr. Terry Horton, CEO of HWS Global, had recently visited Haiti and will also join us in working toward a positive economic development plan through the "Haiti Initiative Economic Development Plan".

Our team is looking forward to the meeting that will be held in Washington DC which is bringing together many of the participants listed above, and other organizations during the month of April 2024. We are prepared to send a team representing these companies to meet with you and your selected ministers and directors of the sectors mentioned above. We look forward to your evaluation of the nation's needs and how best to deploy the necessary resources. For your preliminary review prior to the meeting; enclosed is a copy of the company's executive summary and partial list of signed endorsements to support the "Haiti Initiative Economic Development Plan".

If possible, we would like to visit Haiti at your earliest convenience. Please confirm a date and time that is convenient for you and our team.

Respectfully Submitted,

Mr. Michael C. Wilson, Jr.
