Clean Energy, Water & Renewables Infrastructure

One of PIF's six strategic ecosystems

**Powering the Planet Responsibly**
PIF aims to maintain Saudi Arabia's position as a global energy leader by:

**Delivering** sustainable, secure and affordable energy.

**Boosting** non-oil GDP, jobs and exports.

**Leveraging** growing global demand for renewable energy and related infrastructure.

**Where PIF is Investing**

**Renewable** energy capacity and power generation.

**Sustainable** waste management.

**Water** desalination.
