Hi [REDACTED] – thanks for considering one more speaker for Tech 2025! Let me know if this might be of interest as the agenda takes shape.

Thanks,

Having founded over 20 companies across longevity, space, venture capital and education, Peter is well positioned to discuss his outlook for emerging technologies and how global markets can prepare for AI integration. For example, at XPRIZE/Singularity, he advises the world's top entrepreneurs and business leaders on how they can leverage these technologies to bring about breakthroughs for the benefit of the global community. This is particularly relevant in light of [growing concerns among global policy makers around AI regulation](#) and how to responsibly use this technology while not stifling progress. His focus areas include:

- How AI is a driver for economic and technological innovation
- The ethical concerns of AI and its rapid adoption
- Where FII Institute is seeing opportunity for investment in the AI/robotics sector

Hi [REDACTED],

Hope you're doing well! Please see attached a current list of folks that we would like to put forward for consideration for potential earned speaking opportunities at the Summit.

Please let us know your thoughts after taking some time to review - happy to connect you with any individual client teams as well, as needed.

Best,

[REDACTED]

Hi [REDACTED],

Hope you're doing well!

Reaching out directly as our team was also interested in the process for earned speaking spots for the [REDACTED] Tech Summit in June, including what the litmus may be in the level of speaker / entity that you are looking for.

We represent many different prominent VCs, asset managers and other financial entities who have invested in tech/AI, etc., among others, and would love to bring their names forward for your consideration.

If helpful, our side could start compiling a document of different potential client speakers / details about their entity for your consideration - I know planning for these major events happening sooner than ever these days.

Best,
