Hi [REDACTED] – hope you had a wonderful vacation. I thought I'd come back to this... I believe [REDACTED] is already a contributor for FII8, but I'd love to explore whether you would be interested in speaking to Richard for a piece leading up to the event, or alternatively, a recap conversation with Richard following. Let me know if either sound interesting, or if you might be keen to find time to connect live.

Hi [REDACTED] – I hope you're well. I wanted to pick this chain back up as we'd love to see whether you might be interested in coordinating a TV segment with Richard in the fall?

We would also love to invite you to participate in the 8th edition of the Future Investment Initiative (FII8) as a media contributor. The event will be held in Riyadh, Saudi Arabia from **October 29-31, 2024.**

As you know, as a media contributor, you will be offered delegate passes to the event, branding alignment and the opportunity to moderate a session, as well as exclusive access to FII's announcements and media resources. Contributors will also have access to VIP meeting rooms on the ground in Riyadh.

Please let me know your thoughts and I'd be happy to facilitate next steps.

Hi, [REDACTED] – we were in touch a few years ago around billionaire investor [REDACTED]; I hope this finds you staying well.

I've just started working with a new CEO that I thought you may be keen to meet: Mr. Richard Attias. He is the CEO of the thinktank Future Investment Institute (FII), founder and former CEO of Publicis Events Worldwide and former Executive Producer of Davos WEF for over a decade. He's an advisor to Heads of State, business executives and civic leaders looking to build influence and effect change.

Right now, Richard's focus is on how Brazil's rich natural resources can drive sustainable growth and leadership on climate action, which is particularly timely as it prepares to host the [REDACTED] summit and [REDACTED]. FII is similarly set to host its first Summit in

Rio which will see 1,000 delegates, including investors, CEOs, world leaders and policy makers, come together. The horrible, record flooding of the Rio Grande similarly underscores the importance of actionable spotlights on this critical region.

I'd love to 1) extend an invitation for you to attend either FII Rio or FII's flagship event this fall to conduct interviews on the ground and/or 2) meet with Richard next time he is in the UK to get a sense of his breadth and depth of knowledge.

Let me know if this might be of interest...happy to share additional information.
