Hi [REDACTED],

Thanks for getting back to me! FII would love to have you moderate a session at the event – we are still ironing out the agenda details and will be in touch with specific panels that might be a good fit towards the middle/end of next week. In the meantime, could you please [register](#) as a media attendee so we have you on the list?

Outside of moderating a session, would you be interested in connecting with Richard for an interview before or after the event? Let me know.

Hi [REDACTED],

Circling back here – what are your thoughts on having FII Board Member [Dr. Peter H. Diamandis](#) join Richard at the London or CT event? For context, Peter is Founder of [X-Prize Foundation](#) – a global non-profit organization that designs and hosts incentivized competitions for entrepreneurs and companies to develop groundbreaking technologies, and [Singularity University](#), a business incubator that counsels leaders on exponentially growing technologies.

Having founded over 20 companies across longevity, space, venture capital and education, Peter is well positioned to discuss his outlook for emerging technologies and how global markets can prepare for AI integration. For example, at XPRIZE/Singularity, he advises the world's top entrepreneurs and business leaders on how they can leverage these technologies to bring about breakthroughs for the benefit of the global community. He would be well suited for panels focused on AI's potential to drive economic and technological innovation, the ethical concerns of this technology and opportunities for investment in the AI/robotics sector.

Let me know your thoughts.

Best,

Hi [REDACTED],

Thanks for getting back to me. We'd love for Richard to be considered for earned speaking spots at the London and [REDACTED] events – it's unlikely we would be able to put spend behind an event sponsorship. However, we would be happy to look into our network for additional speakers. What sector is of biggest interest to you?

Hi [REDACTED] -

1. Davos ... Jan 22-23, small (100-person) event at [REDACTED]

2. Hong Kong; April 10

3. London; June 10

4. Greenwich; Oct 8-9

Is Richard seeking earned opportunities? ... related ... if he was given this could he bring a big A-lister with him?

Does he have a conference sponsorship budget?

Hi [REDACTED] – hope you are doing well.

Reaching out as I was looking at the topics of discussion for last year's [REDACTED] Miami and I just started working with [Richard Attias](#), **CEO of global thinktank [Future Investment Initiative Institute](#)** (FII Institute) who would be a great speaker for this year's event and brings a robust background and point of view on timely topics facing business. You may have come across Richard: as well as his role at FII, he is the **founder and former CEO of Publicis Events Worldwide and former Executive Producer of Davos WEF** for over a decade. He's an advisor to Heads of State, business executives and civic leaders looking to build influence and effect change.

Richard is focused on **driving change by convening business leaders and Heads of State to bridge global gaps, creating a knowledge-based economy and ensuring economic diversification**. FII has cumulatively announced deals and investment pledges worth ~\$128bn over the years, spanning technology, energy, infrastructure and finance. He can discuss his perspectives through the Institute's 4 key pillars: sustainability, healthcare, education and AI/robotics.

Perspectives/discussion points include:

1. The investment case for industries concentrated in the Global South and how Western countries and the Middle East can harness private capital to support the Global South, specifically in sectors like sustainability
2. Why AI regulation on an international level will help foster a sustainable and safe global cyber environment for business (that could be hindered by antiquated/fragmented regulatory practices)
3. Amidst regional conflict, how governments and business can successfully work in

partnership to meaningfully address
significant global challenges

Are there any slots you are still looking to fill this
year? Happy to coordinate a call to discuss and
appreciate your consideration.

Thanks,
