Thanks [REDACTED] Moving you to BCC.

I work with the [Future Investment Institute \(FII\)](#) where the Chairman, **Richard Attias**, has led the charge in convening global leaders for over 8 years at FII and can speak to what it means to be a 'leader of leaders' gathering global CEOs, business executives and policymakers to discuss the most pressing advancements around technology, education, healthcare and sustainability. **Unlike many of his peers, Richard is someone who has occupied positions at the top of the corporate world and now as a global leader in the third sector, which he feels has given him a set of unique perspectives, including his steadfast belief in the need for the public sector to work in partnership with the private sector,** which is often better placed to drive change and innovation.

He has an interesting background, having been involved in the development and production of more than 2000 events over the past 30 years, including World Economic Forum Annual Meeting at Davos, Clinton Global Initiative, Nobel Laureates Conferences, The New York Forum, The New York Forum AFRIC, UNESCO NGO Forum, One Planet Summit, Olympism In Action, Future Investment Initiative, Bloomberg New Economy Forum, The African Cup, The African Games, and multiple opening ceremonies.

I would be happy to share some more information if you are interested as you consider potential speakers!

Thanks,
