Subject: RE: Invitation for [REDACTED] from the [REDACTED] | [REDACTED] (9 December 2025)

Thanks [REDACTED]! [REDACTED], great to be connected.

I work with **Richard Attias, Chairman of the [Future Investment Initiative Institute \(FII\)](#)** has led the charge in convening global leaders, many in the energy industry, for over 9 years at FII and can speak to the shifting dynamics around energy policy and investments, specifically as it relates to increasing foreign direct investment, leveraging firsthand experience advising heads of state and CEOs from around the world.

This year alone, there were billions of dollars in investment, research and initiatives were announced in Riyadh and Richard could speak to some of the key themes including:

- **The Energy Trilemma:** The call for balancing speed, scale, and resilience in the transition, emphasizing digital grids, flexible renewables and the need to achieve affordable, reliable, and sustainable power.
- **Investment in Sustainable Infrastructure:** Investment to enable developing nations' shift to clean power, and advocacy for global financing of the renewable transition.
- **Emerging Hubs of Sustainability:** How FII9 conversations pointed to the Gulf region, parts of Africa, Guyana, China, Turkey and Latin America as the next wave of sustainability hubs: where capital is lining up behind grids, clean generation, and human-capital infrastructure

Would you be open to having him on the panel? Think he could bring an interesting perspective.

Let me know if you are open to it and I'll confirm availability ASAP.

Thanks,

[REDACTED]
