Dear Member of the Media,

We would like to invite you to attend our upcoming 4th edition of FII PRIORITY Summit, under the theme, "Capital in Motion," taking place in Miami from **March 25 to 27, 2026**.

Capital is no longer static. It is in motion.

Across borders, sectors, and technologies, capital is being redeployed at unprecedented speed, reshaping markets, redrawing supply chains, and redefining where growth will emerge next.

The 4th edition of FII PRIORITY Miami 2026 Summit will explore this transformation under the theme **"Capital in Motion"** a world unsettled yet accelerating forward, where resources, talent, and ideas are constantly in transit.

As slower growth, higher-for-longer rates, and geopolitical fragmentation redraw the global map, capital is concentrating around a few decisive priorities: energy transition, digital infrastructure, artificial intelligence, and regional resilience, even as institutions confront widening social divides and mounting fiscal pressure.

Over three days, FII PRIORITY Miami 2026 will examine how capital is being redefined and redeployed and what it will take to stay ahead in a rapidly realigning global economy.

Hi [REDACTED],

Sure!

I'd love to know more about the rationale and vision for the IPO, the preparation process and expected execution timeframe, as well as the wider growth and expansion strategy for the post-listing chapter and medium-term in general.

The company surely presents a compelling equity story for public investors and these topics would resonate with our readership in the context of the listing.

No hard deadline on my side, but great if we could find a time in the coming weeks.

Thanks in advance,

FII PRIORITY Miami Returns for Its Fourth Edition to Redefine Global Capital Flows

The FII Institute today announced the return of the FII PRIORITY Miami Summit, taking place March 25–27, 2026, as global leaders converge to confront one defining question: how capital must move, adapt, and lead in a rapidly fragmenting world.

Under the theme “**Capital in Motion**”, FII PRIORITY Miami 2026 will bring together policymakers, investors, innovators, and decision-makers to examine how capital, technology, and policy can unlock sustainable and inclusive growth, with the Americas at the center of global transformation.

Now in its 4th edition, the Summit reaffirms Miami’s unique role as a strategic bridge between North and South America and a gateway to global markets. Building on momentum from the recent FII PRIORITY Asia Summit in Tokyo, Miami will deliver a decisive, cross-regional perspective on investment flows, economic resilience, and opportunity creation.

“Miami is not just a location, it is a signal,” said Richard Attias, Chairman of the Executive Committee and Acting CEO of FII Institute. “At a moment when capital is being reallocated, re-priced, and re-imagined, FII PRIORITY Miami will move beyond dialogue to action, shaping partnerships, strategies, and decisions that matter.”

Summit highlights will include:

- High-level dialogues with world leaders, global policymakers, investors, and CEOs on capital deployment, emerging technologies, and Americas-focused growth.
- Closed-door strategic roundtables designed to influence real investment priorities and outcomes.
- Exclusive thought leadership and flagship intelligence, co-created with global partners and released at the Summit.

FII PRIORITY Miami 2026 will also mark the opening chapter of a pivotal year for the Institute, leading toward the 10th edition of the flagship Future Investment Initiative (FII 10) in Riyadh end of October 2026, underscoring FII Institute’s position as the world’s premier platform where investment, innovation, and policy converge to shape the future.

Further program details and speaker announcements will follow.

Dear Member of the Media,

We would like to invite you to attend our upcoming 4th edition of FII PRIORITY Summit, under the theme, "Capital in Motion," taking place in Miami from **March 25 to 27, 2026.**

Capital is no longer static. It is in motion.

Across borders, sectors, and technologies, capital is being redeployed at unprecedented speed, reshaping markets, redrawing supply chains, and redefining where growth will emerge next.

The 4th edition of FII PRIORITY Miami 2026 Summit will explore this transformation under the theme “**Capital in Motion**” a world unsettled yet accelerating forward, where resources, talent, and ideas are constantly in transit.

As slower growth, higher-for-longer rates, and geopolitical fragmentation redraw the

global map, capital is concentrating around a few decisive priorities: energy transition, digital infrastructure, artificial intelligence, and regional resilience, even as institutions confront widening social divides and mounting fiscal pressure.

Over three days, FII PRIORITY Miami 2026 will examine how capital is being redefined and redeployed and what it will take to stay ahead in a rapidly realigning global economy.
