Subject: On-the-record interview with Kim Clijsters in NYC?

Hi [REDACTED],

Hope you're well.

I wanted to get in touch to see if you or one of the crew at [REDACTED] would be interested in an on-the-record conversation with Kim Clijsters (in her capacity as a PIF Ambassador) in person at the [REDACTED] on September 2nd?

Kim would be very happy to discuss how women's tennis has evolved since her playing career, which includes her own experiences returning to competition after becoming a mother, and what it meant to return to the highest level of the sport and win the US Open.

She can also go into detail on the importance of providing meaningful support for female athletes throughout their careers, particularly as they navigate starting a family and returning to competition, with the PIF WTA Maternity Fund a critical development in this area.

Let me know if this may be of interest and we can try and get something set up on the day.

Best,

[REDACTED]

Subject: On-the-record interview with Matteo Berrettini

Hi [REDACTED]

Hope you're well.

Assuming you'll be in New York for the US Open, I wanted to get in touch to see if you'd be interested in an on-the-record conversation with Matteo Berrettini (in his capacity as a PIF Ambassador) in person at [REDACTED] on September 1st or 2nd (depending on his play schedule).

Matteo would be happy to discuss his return to competition post-injury and what continues to motivate him to compete (the US Open of course being one!), alongside his perspective on how the men's game has evolved over the course of his career.

He can also touch on the growing depth of the men's game and changing demands on players, from preparation and physical conditioning to the importance of resilience and responding to challenging moments throughout a season.

Finally, as a PIF Ambassador, Matteo can also discuss his work with PIF in supporting the next generation of tennis players, and the role greater access and opportunity can play in helping young talent develop and reach their potential.

Let me know if this may be of interest and we can try and get something set up on the day.

Best,

[REDACTED]
