“EMPOWERING INVESTORS: IPAS PIONEERING FUTURE GROWTH”

India International Convention & Expo
Centre - Yashobhoomi, New Delhi

ABOUT THE CONFERENCE

WAIPA's flagship event hosted since 1995, the World Investment Conference (WIC) is a forum where IPAs convene to address current economic and social issues that may affect global investment flows and other strategic and policy considerations. The Conference includes formal panel presentations, ample networking opportunities and social events for the members.

The conference is a confluence of Investment Promotion Agencies (IPAs) and Investors and provides a platform to the former to engage and interact with global leaders of the investment domain. WIC acts as a unique coming together of stakeholders who drive economic development and enables them to form long standing trade partnerships, with investors, companies and IPAs alike.
