Dear Mr. Yeary,

I am forwarding the correspondence below for your reference following Colonel Michael Dorschner's departure from his position at MDAO Tokyo and transition to JUSMAG-Korea.

There is no immediate action required on your part. I simply wanted to ensure that, as Acting Chief, you are aware of the ongoing correspondence between IHI Corporation and the U.S. Department of War and have it available for continuity and situational awareness.

We will continue to keep your office appropriately informed of any Japan-related developments or correspondence requiring MDAO awareness.

Thank you, and I look forward to staying in touch.

Kind regards,  
Goran

**Subject:** Follow-Up Discussion Regarding IHI Proposal

Dear Mr. Brooks,

I am writing to follow up on the materials recently provided to your office on July 24 regarding IHI Corporation's proposal concerning the controlled release and reuse of F100-IHI-220E engines.

We would greatly appreciate the opportunity to arrange a 30-minute MS Teams call to discuss the submission, the proposal and any other considerations arising from your review.

We would also be pleased to provide any additional information or clarification that may be helpful, either in advance of or during the meeting.

Could your office kindly confirm your availability for a virtual meeting at a mutually convenient time within the next two weeks?

Thank you again for your time and consideration. I look forward to continuing the discussion.

Respectfully yours,  
Goran

**Subject:** Follow-Up to May 4 Discussion with DoW & Submission of Supporting Materials

Dear Mr. Brooks,

Further to our discussion of May 4, 2026, with you and Mr. James McGovern, Chief of Staff for Product Support, and the Samuel Group D.C. (SGDC), we are pleased to submit the enclosed materials on behalf of our client, IHI Corporation of Japan, for your review and consideration.

We appreciate the opportunity to discuss allied adversary air sustainment and U.S. Air Force readiness, and we are grateful for the guidance provided during our MS Teams meeting.

The enclosed documents have been prepared in accordance with that discussion.

The submission includes:

- A covering letter transmitting the enclosed materials for Departmental consideration.
- A joint proposal addressing the controlled release and reuse of F100-IHI-220E engines to support U.S. Air Force contractor-operated adversary air training requirements.
- Draft correspondence prepared solely as suggested guidance for the Department's consideration and not as a proposal, recommendation, or formal advice.

Following your review, my office will contact you in early August to determine whether any additional information would be helpful and, if appropriate, to arrange a brief follow-up discussion.

Several individuals who may have an interest in this matter have been copied on this correspondence. Please feel free to distribute the enclosed materials to any appropriate officials within the Department as you consider appropriate.

For your records, a complete hard-copy package will also be forwarded by certified mail. As a professional courtesy, Mr. Jeffrey Carter will likewise receive a hard-copy package.

Thank you for your time, guidance and continued consideration. We appreciate your engagement on this matter and remain available should your office require any additional information or clarification.

Respectfully yours,

Goran
