ARTIFICIAL INTELLIGENCE NEWSLETTER

Fox News AI Newsletter: One year until AI market busts, investor says

The Meta CEO outlined a future where personal superintelligence is available to all as the AI race accelerates

By **Fox News Staff** **Fox News**

Published August 13, 2026 12:55pm EDT

Welcome to Fox News' Artificial Intelligence newsletter with the latest AI technology advancements.

IN TODAY'S NEWSLETTER:

- We have one year until the AI market busts, Niles Investment Management founder says
- Zuckerberg lays out vision to put superintelligent AI in everyone's hands

- A Southern state just took the top spot in one of the world's fastest-growing industries

ON THE CLOCK: Niles Investment Management founder Dan Niles discusses the [future of the AI market](#) on FOX Business' "Making Money."**NEW ERA:** Meta founder and CEO Mark Zuckerberg on Monday [outlined his vision](#) for a world where personal superintelligence is available to everyone rather than only a select few.**NUMBER ONE, Y'ALL:** North Texas has beaten some of the [world's biggest data center hubs](#) to claim the No. 1 spot in a new global ranking, as Texas becomes an increasingly powerful player in the industry.

Looking for
goals, low APRs,
cash back and more?

Data center development is surging across Texas, with North Texas taking the top spot in a new global ranking of the industry's leading markets. (Mikala Compton/The Austin American-Statesman/Getty Images)

PROSPERITY PLAY: Palantir CTO Shyam Sankar said he's seen significant progress since his Fox News op-ed imploring America to take advantage of both AI and the American worker, while [sharing some observations](#) on China's use of AI.

'MUCH BIGGER RISK': David Bahnsen warns of circular credit risks as Nvidia launches a [\\$500 billion AI financing program](#). The financial analyst tells Stuart Varney that partnering with Blackstone and BlackRock to fund earnings-poor tech customers dramatically heightens volatility. Bahnsen compares the massive scale of this sector's debt expansion to previous market corrections, urging caution for retail investors.

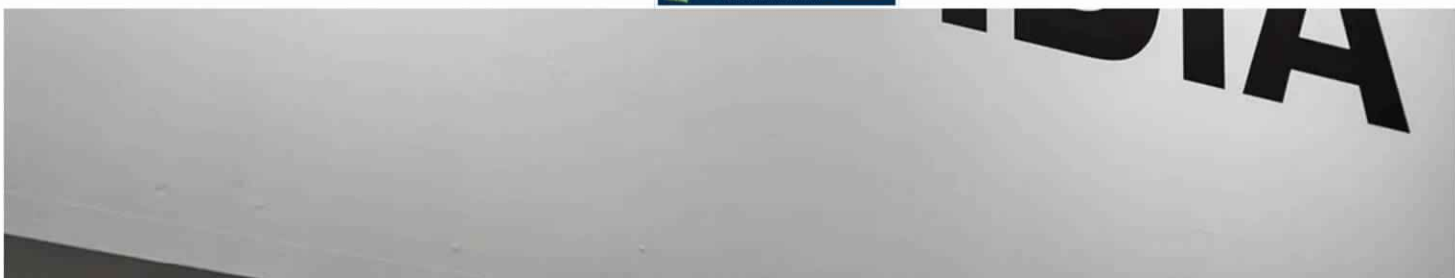

No lock-in. No surprises. No competition.
