Forward-Looking Statements - Certain statements in this document are forward-looking. These statements may relate to our future prospects, developments and business strategies. Examples of such forward-looking statements include, but are not limited to, statements regarding volume growth, increases in market share, synergies, costs, capital expenditures, EBITA, our liquidity, long-term funding and credit ratings and our business performance outlook. Words such as "believe," "anticipate," "expect," "intend," "seek," "will," "plan," "could," "may," "target," "forecast," "guidance" and "project" and similar expressions are intended to identify such forward-looking statements but are not the exclusive means of identifying such statements. Such forward-looking statements are only predictions and are not guarantees of future performance. By their nature, forward-looking statements involve several risks, uncertainties and assumptions which could cause actual results or events to differ materially from those expressed or implied by the forward-looking statements. These include, among other factors, changing economic, business or other market conditions, changing political conditions and the prospects for growth anticipated by the Company's management. These and other factors could adversely affect the outcome and financial effects of the plans and events described herein. Statements contained in this presentation regarding past trends or activities should not be taken as a representation that such trends or activities will continue in the future. The Company does not undertake any obligation to update or revise any forward- looking statements, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements, which speak only as of the date of this document.
