Re: Detente Corporation vs Government of Indonesia

Dear Mr. Assistant Secretary DeSombre,

As I mentioned to you at the recent National Day celebration at the Embassy of Singapore, our 100% American-owned client, Detente Corporation, was notified on May 18, 2026, by the International Chamber of Commerce in Singapore that our client received a unanimous robust substantial final, binding and non-appealable arbitral award against the Government of Indonesia. On behalf of our client, we have requested the Government of Indonesia to make full payment of that award, which is interest bearing. The Government of Indonesia has not responded to this payment request and no payment has been made to date to our client.

After the 90-day period had expired for the losing party to request a set aside of the final, binding and non-appealable award, we were notified by Singaporean counsel for the Government of Indonesia of its intent to serve Detente Corporation in Singapore with a motion to set aside the award. To date the Government of Indonesia has not served our client with a motion for the arbitral award to be set aside. The standards for a set aside motion to be successful in Singapore are quite narrow and we understand, if a set aside motion were made, it would be time barred. If a motion for set aside is filed by the Government of Indonesia, we believe it would be merely a dilatory tactic and possibly in bad faith.

Accordingly, if our client is properly served with a motion for a set aside of the arbitral award, our client has instructed us to oppose it as being wholly without merit. Our client has instructed us to pursue enforcement of the arbitral award in the United States under the New York Convention, which we are commencing.

On behalf of our client, we respectfully request the assistance of the US Government in bringing to the attention of the Government of Indonesia its obligation to make full payment of the final, binding and non-appealable International Chamber of Commerce arbitral award. Thank you for your consideration of our request for assistance.
